TEACHING

1. Gundersen Lutheran Internal Medicine Residency Program: Core curriculum lectures (Epilepsy), Grand Rounds, bedside teaching, 2004-2005
2. Gundersen Lutheran – Mayo Clinic Physician Assistant Program “Seizure Disorders”, April, 2005
3. Core curriculum lecture “Video EEG Monitoring”, November 2004
4. UW Medical School Course #622-800, "Patients, Doctors, and Society--First Year Students", Small Group Leader.
5. UW Medical School Course #622-807, "Patients, Doctors, and Society--Second Year Students", Small Group Leader
6. Resident Lectures – EEG and Epilepsy series, July 1999 – June 2000
7. Medical students bedside teaching and evaluation, July – August 1998

INVITED LECTURES

Understanding Headache: Differentiating Sinus Headache, Tension Headache and Migraines November 2002, Las Vegas, NV; Medical World Conference CME. Attended by 100 delegates.

Understanding Headache: Differentiating Sinus Headache, Tension Headache and Migraines October 2002, Reno, NV; Medical World Conference CME. Attended by 60 delegates

Headaches: October 2002; Sierra Health Services Presidents auditorium, Las Vegas, NV. Southwest Medical Associates CME program

Stroke therapy in the new Millennium: September 2002; Sierra Health Services Presidents auditorium, Las Vegas, NV. Southwest Medical Associates CME program.

Stroke therapy in the new Millennium: July 2002; Presentation to Kaiser-Permanente primary care physicians.

Diagnosis and Management of Epilepsy: March 22 2002; Sunrise Hospital and Medical Center. Primary care Noon Conference; Continuing Medical Education

Research:

1. Principal Investigator: A Multi-Center, Double-Blind, Randomized, Placebo-Controlled, Parallel-Group Evaluation of Lamotrigine Adjunctive Therapy in Subjects with Primary Generalized Tonic-Clonic Seizures.
2. Principal Investigator: Pregabalin BID Open-Label Add-On-Trial: An Open-label, Multicenter Follow-On Study to Determine Long-Term Safety and Efficacy in Patients with Partial Seizures.
3. Sub-Investigator: A phase 2 randomized double blind placebo controlled dose finding study of SNK-860 in subjects with Diabetic Peripheral Neuropathy.
